Yumbo (Cali area), Colombia | +57 300 140 4327 | alejandro.960822@gmail.com | **Remote, full time, UTC−5**

Summary

I make videos from start to finish: script, camera, lighting, editing, color and motion graphics. I directed and produced a YouTube cooking show and corporate training videos shot on chroma key.

10+ video, photography and design projects for clients

DaVinci Resolve 16 Certified End User, Blackmagic Design

5+ years of certified experience in video, design and training

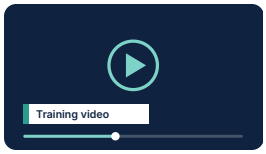

My path

2016
First projects
Freelance video, photography and design.

2020
Public communication
Graphics and live streams for Cali and Yumbo.

2022
Teaching with video
Corporate training at Eficacia.

2023
ESPY's brand
Its identity, in use since 2023.

2026
AI-built tools
A budget dashboard and a staff directory.

Experience

Aug 2022 – present
Contractor

Multimedia engineer

ESPY S.A. E.S.P. Public utility company of Yumbo

- Produce animated explainers and infographics for low-income users and older adults.
- Designed the full corporate identity, in use since 2023 on the website, uniforms and signage.
- Run the WordPress and Elementor Pro website, and built with AI a budget dashboard.

See the identity at espyumbo.com

2016 – present
Freelance

Freelance video producer and designer

JAVEGA and Autómatas (co-founder since 2024)

- Produced UniChef, a YouTube cooking show, from start to finish: script, direction, camera, lighting, editing and color.
- Worked as camera operator on Saludablemente specials (Telepacífico, regional TV), made a lyric video for Suave (Mauna) and designed the Pizzaza brand and menu.
- Produced e-learning for Eficacia and Ezenza (2020–2022) and a corporate video for Eficacia (2026). At Autómatas, created Clara, ESPY's virtual agent, and her 2D animated video.

Apr – Jul 2022
Employee

Training content designer

Eficacia S.A. Cali

- Produced training videos and animations end to end for corporate programs: script, chroma key shoot, editing, animation and delivery.
- Coordinated voice-over and e-learning modules, and ran live-streamed training sessions.

Experience, continued

2020 – 2022 · Contractor

Multimedia engineer

Yumbo and Cali city halls Press office (Yumbo), Department of Peace and Civic Culture (Cali)

- In Yumbo (Aug 2021 – Apr 2022), designed institutional graphics and content for internal screens, and ran live streams with OBS and Wirecast.
- In Cali (Aug – Dec 2020 and Jul – Sep 2021), designed public accountability presentations and a book with children's illustrations, and produced videos aired on Telepacífico (regional TV).

2017 – 2024

Teaching and earlier experience

- **Assistant to the R&D director**, Fundación Pro-Scientia (2019–2020): produced and edited live and pre-recorded interviews.
- **Part-time instructor**, Avant Garde, Yumbo (2023–2024): taught video production and graphic design with Adobe tools.
- **Educational video project**, Colegio Bautista de Yumbo (2018): made a short film in English with 10th-grade students.
- **Graphic designer**, Concepto, a media and marketing agency (2021): designed social media and print pieces, and shot photo and video.

Skills

Editing and color
Final Cut Pro, Premiere Pro and DaVinci Resolve, with a Blackmagic Design end-user certificate.

Shooting
Camera, lighting and chroma key; product, food and portrait photography.

Motion graphics
Animation and kinetic typography in After Effects, animated explainers and infographics.

Design and live
Graphics in Illustrator and Photoshop, and live streams with OBS and Wirecast.
